# Prólogo

Un diccionario bilingüe es el lazo de unión más útil y preciso entre dos lenguas—que, a su vez, son vehículos de expresión de una cultura. Pese a los fulgurantes avances de la tecnología y de la lingüística de nuestros días, ningún otro medio ha podido desplazarlo en su misión multisecular de intermediario de dos culturas recíprocas. A diferencia de un diccionario monolingüe, que está dirigido exclusivamente a personas con un grado variable de formación intelectual en *una* lengua y que se mueven dentro del ámbito de esa lengua, el diccionario bilingüe consta de dos partes claramente definidas. En el caso de este diccionario, de una parte española y de otra inglesa. En ambas partes, las palabras que encabezan los artículos no se definen ni se explican, sino que se traducen lo más fielmente posible por sus equivalentes en el otro idioma.

Si un hispanohablante, por ejemplo, busca una palabra inglesa que ha oído o leído cuyo significado ha ignorado hasta entonces, acudirá a la parte inglesa y encontrará el equivalente castellano que más o menos exactamente cuadra al vocablo inglés. Si, por el contrario, quiere expresarse en inglés y no dispone de la palabra inglesa adecuada, acudirá a la parte española en donde encontrará el equivalente inglés con sus distintos usos y matices. De este modo, el diccionario persigue la doble finalidad de facilitar la comprensión de una palabra determinada y de ayudar a su expresión correcta.

El buen uso de cualquier diccionario no está exento de dificultades. El lector deberá cerciorarse en primer lugar del contexto en que aparece la palabra que quiere encontrar y, entre las diversas y a veces muy numerosas acepciones de la cabeza de artículo, seleccionar la que mejor se conforme con el contexto. Para ayudar al lector en esta tarea, hemos fragmentado los artículos lo más claramente posible en sus correspondientes acepciones y matices, agregando en casi todos los casos uno o varios ejemplos ilustrativos.

Casi veinte años median entre la primera edición del diccionario Cassell y la presente edición. La revisión que hemos llevado a cabo ha supuesto una labor tal que bien puede decirse que el nuevo diccionario apenas conserva del antiguo sino su título. En estos veinte años, las profundas modificaciones que han tenido lugar en ambos idiomas son tales que nos han obligado a actualizar el diccionario y remodelar su contenido. En la medida de lo posible, hemos intentado incluir las innumerables palabras nuevas que han surgido de las transformaciones sociopolíticas y económicas de los dos decenios últimos.

Hemos prestado especial atención al tratamiento del registro de cada palabra, velando siempre por hallar el equivalente más preciso. Ello ha supuesto un cambio metodológico con respecto al antiguo diccionario que nos ha llevado a reorganizar la mayoría de los artículos y a desglosarlas en sus diversos matices y en sus frecuentes acepciones. Esperamos con esto haber reducido al máximo el margen de error en el peliagudo problema de seleccionar la palabra justa y exacta.

Hemos intentado, también en la medida de lo posible, dar cabida a un buen número de americanismos de uso corriente tanto en la América Sajona como en la América Latina. Muchos de ellos van encontrando aceptación creciente de este lado del Atlántico y su presencia en nuestro diccionario está con creces justificada. Igualmente hemos dado cabida a numerosos coloquialismos, que son parte del lenguaje cotidiano y que deben figurar a justo título en un diccionario moderno.

El presente diccionario está ideado para servir de ayuda a quienes, de una u otra manera, se interesan por inglés o por el español. Hemos tenido particularmente en cuenta a los estudiantes de uno u otro idioma y los problemas con que se enfrentan. Asimismo, hemos tenido presente a las personas que hacen un uso práctico del conocimiento de idiomas, traductores, intérpretes, hombres de negocio y, en definitiva, a todos aquéllos que precisan de un instrumento de trabajo útil, rápido y riguroso.

A. G. de P.

# Preface

*Traduttore, traditore*—a time-honoured adage to daunt not the translator proper alone but hardly less the hapless lexicographer. Notwithstanding, in the present work the challenge has been met with a fair degree of dogged determination that, within the limitations of human frailty and fallibility, *le mot juste, la palabra exacta*, the precise term should be run to ground.

It goes without saying that the purpose of a bilingual dictionary is to provide translations, not definitions, and accurate translations, not approximate ones. This we have laboured to do, but beyond this lies the more subtle question of register, to which we have devoted considerable attention. To the maximum degree possible, learned has been paired with learned, standard with standard, colloquial with colloquial, slang with slang, technical with technical, and so on. Thus, a high-register expression such as 'I am not unaware that . . .' will be conveyed by something of the order of *no se me oculta que . . .*, while a low-register 'to go off the deep end' will be rendered in some such form as *subirse por las paredes*.

The question of context, is, of course, of prime linguistic importance, and even this difficult area has been dealt with in the new Cassell by the inclusion of large numbers of illustrative examples.

Another oft-repeated saw calculated to damp the spirits of the lexicographer and his readers has it that 'by the time they appear in print all dictionaries are hopelessly out of date'. Nevertheless, here too we have endeavoured to confound leaden tradition by the eleventh-hour inclusion of a substantial body of new-wave socio-political, economic and colloquial vocabulary—total neologisms and old words with new semantic faces alike—e.g. *amnistiar, ideologizar, plebiscitar, politizar, jemsbondesco, catastrofismo, consumismo, dedismo /digitalismo, inmovilismo, sinsostenismo, pornocracia, síndrome de abstención*.

As in the case of other languages, Spanish is being inundated with anglicisms, many of which rapidly undergo a greater or lesser degree of morphological and/or semantic change. This phenomenon, too, we have done our best to reflect by the inclusion of such terms as *ranking, standing, timing, credibilidad, managerman, mass-media, off-side/orsay, penalty, relax, sexy, show*. Because of change, modification or extension of sense or usage many of these terms fall into the vexed category of *falsos amigos*, an area of far greater complexity and danger than is generally realized. For instance, *mass-media*, in its plural (masculine) form, has the same sense as the English word, but it also has a singular (feminine) form, which means 'bulk of society, general run of people'; while *timing*, although retaining its English sense, has also acquired the meaning 'rate of progress'.

The Spanish of Spain is, in a similar manner, increasingly subject to the impingement of Latin-American usage and, although this is, in fact, in many cases merely Anglo-Saxon influence at second hand, the importance of American Spanish, like that of American English, is of course very great, and the fact is extensively reflected in the volume now before the reader.

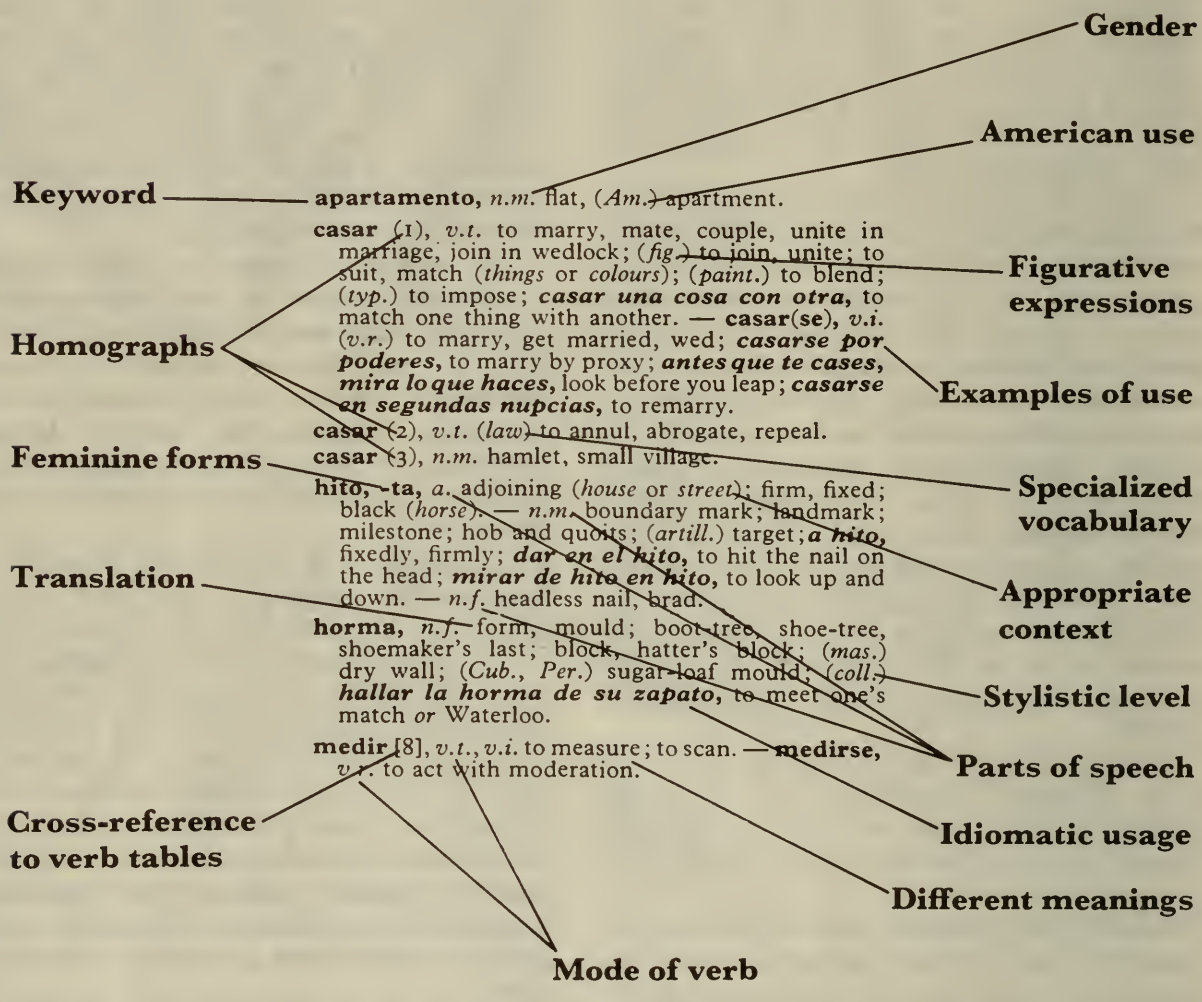
The destinies of English and Spanish, both international languages with vast ramifications in the New World, both languages of vast lexical wealth, much of it of common origin, are fast becoming inextricably intertwined; the relationship between them is an increasingly complex and fascinating one; our aim has been and is, within the modest compass of this volume, to throw a sharp semantic light on that relationship, for all those who would delve into it—students, scholars and philologists, interpreters and translators, economists, sociologists and politicians, *aficionados* and businessmen.

The work has been revised, up-dated and enlarged on so comprehensive a scale that little indeed remains of the original compilation. Yet, buried in the pages of the new Cassell there lies still something of Peers, Barragán, Vinyals, Mora, Jones and Sage. To them and to all the many others who have contributed to it, our remembrance and thanks.

What remains to be said in conclusion could scarcely be put better than it was many a long semantic change ago by Dr. Johnson. Let him, then, speak for us once more: 'I have laboured to perform all the parts of a faithful lexicographer: but I have not always executed my own scheme, or satisfied my own expectations. The work, whatever proofs of diligence and attention it may exhibit, is yet capable of many improvements.'

A.G.

# Advice to the User



# Key to Spanish Pronunciation

**Vowels**

| | |
|---|---|
| i | s*ee*n |
| e | l*a*te |
| a | p*a*st (Northern English) |
| o | s*o*ldier |
| u | b*oo*t |

**Diphthongs**

| | |
|---|---|
| ie | *Ya*le |
| ei | p*ay*ing |
| eu | p*ear*, J*u*ly; *e-u* run together |
| ai, ay | sk*y* |
| au | c*ow* |
| oi, oy | b*oy* |
| ue | *w*ay |

**Consonants**

| | |
|---|---|
| b, v (*initial*) | *b*est |
| b, v (*intervocalic*) | like *b* without lips touching |
| c (*before a, o, u or consonant*), k, qu | *k*ind |
| c (*before e or i*), z | *th*ink |
| ch | *ch*oose |
| d (*initial*) | *d*ear |
| d (*intervocalic*) | *th*ere |
| f | *f*ind |
| g (*before a, o, u or consonant*) | *g*ain |
| g (*before e or i*), j | lo*ch* (Scots) |
| h | *h*onour |
| l | *l*ong |
| ll | mi*ll*ion |
| m | *m*ice |
| n | ba*n*ner |
| ñ | o*ni*on |
| p | co*pp*er |
| r | large (Scots) |
| rr | *r*ound (Scots) |
| s | goo*s*e |
| t | *t*ank |
| w | like Spanish b, v |
| x (*intervocalic*) | a*x*e *or* pigs*k*in *or* e*gg*s |
| x (*before consonant*) | e*x*treme *or* pa*s*te |
| y | *y*ellow |

**American Spanish**

The following are the main features which distinguish the pronunciation of American from that of Castilian Spanish; they also occur in Southern Spain

| | |
|---|---|
| c (*before e or i*), z | goose |
| ll (*in many regions of Spain and of Spanish America*) | *y*ellow |
| ll (*Argentina, Uruguay*) | pleasure |
| s (*at end of word or before a consonant; in parts of Southern Spain and America*) | *h*ail |

# Note on Spanish Gender

As a general rule, nouns ending in *-a*, *-ción*, *-gión*, *-sión*, *-tión*, *-xión*, *-dad*, *-tad*, *-tud*, *-ez* and *-umbre* are feminine; all other nouns are masculine. In the body of the text genders are given only where this rule does not apply or in order to clarify its application.

**elaterio,** *n.m.* (*bot.*) squirting cucumber.
**elche,** *n.m.* apostate, renegade (*from Christianity*).
**ele,** *n.f.* letter L.
**eléboro, elébor,** *n.m.* hellebore.
**elección,** *n.f.* election; choice.
**electivo, -va,** *a.* elective.
**electo, -ta,** *a.* elect. — *p.p.* [ELEGIR].
**elector, -ra,** *a.* electing. — *n.m.* elector.
**electorado,** *n.m.* electorate.
**electoral,** *a.* electoral; ***colegio electoral,*** polling station; electoral college.
**electoralismo,** *n.m.* electioneering.
**electorero,** *n.m.* (*polit.*) agent, canvasser.
**electricidad,** *n.f.* electricity.
**electricista,** *n.m.* electrician.
**eléctrico, -ca,** *a.* electric, electrical.
**electrificación,** *n.f.* electrification.
**electrificar** [A], *v.t.* to electrify.
**electrizable,** *a.* electrifiable.
**electrizador, -ra, electrizante,** *a.* electrifying. — *n.m.f.* electrifier.
**electrizar** [C], *v.t.* to electrify.
**electro,** *n.m.* amber, electrum.
**electrocución,** *n.f.* electrocution.
**electrocutar,** *v.t.* to electrocute.
**electrodinámico, -ca,** *a.* electrodynamic. — *n.f.* electrodynamics.
**electrodo,** *n.m.* electrode.
**electroencefalografía,** *n.f.* electro-encephalography.
**electroimán,** *n.m.* electro-magnet.
**electrólisis,** *n.f. inv.* electrolysis.
**electrolítico, -ca,** *a.* electrolytic.
**electrólito,** *n.m.* electrolyte.
**electrolización,** *n.f.* electrolization.
**electrolizar** [C], *v.t.* to electrolyze.
**electromagnético, -ca,** *a.* electro-magnetic.
**electromagnetismo,** *n.m.* electro-magnetism.
**electrometría,** *n.f.* electrometry.
**electrométrico, -ca,** *a.* electrometric.
**electrómetro,** *n.m.* electrometer.
**electromotor, -ra,** *a.* electromotive. — *n.m.* electromotor.
**electromotriz,** *a.* electromotive; ***fuerza electromotriz,*** electromotive force.
**electrón,** *n.m.* electron.
**electronegativo, -va,** *a.* electronegative.
**electropositivo, -va,** *a.* electropositive.
**electroquímico, -ca,** *a.* electrochemical. — *n.f.* electrochemistry.
**electroscopio,** *n.m.* electroscope.
**electrotecnia,** *n.f.* electrotechnics.
**electroterapia,** *n.f.* electrotherapy, electrotherapeutics.
**electrotipia,** *n.f.* electrotyping.
**electrotípico, -ca,** *a.* electrotypic.
**elefante, -ta,** *n.m.f.* elephant.
**elefantíasis,** *n.f.* elephantiasis.
**elefantino, -na,** *a.* elephantine; (of) ivory.
**elegancia,** *n.f.* elegance, stylishness, smartness; finesse.
**elegante,** *a.* elegant, stylish, smart; ***no es elegante*** + *inf.*, it's not nice, not good form (to).
**elegía,** *n.f.* elegy.
**elegíaco, -ca,** *a.* elegiac.
**elegible,** *a.* eligible.
**elegido, -da,** *a.* elect, chosen. — *n.m.pl.* (**elegidos**) (the) elect, (the) chosen.
**elegir** [8E], *v.t.* to elect; to choose.
**élego, -ga,** *a.* elegiac.
**elemental,** *a.* elemental; elementary.
**elemento,** *n.m.* element; (*coll.*) fellow, bloke;

***estar en su elemento***, to be in one's element; (*pl.*) elements; means, resources.

**elemí**, *n.m.* elemi, gum resin.

**Elena**, *n.f.* Helen.

**elenco**, *n.m.* index, catalogue; (*theat.*) company, cast.

**elevación**, *n.f.* elevation; rise; height; raising; ecstasy; haughtiness; (*artill.*) ***tirar por elevación***, to fire with an elevation.

**elevado, -da**, *a.* elevated; tall, high; sublime, exalted.

**elevador**, *a.* elevating, hoisting, lifting. — *n.m.* hoist.

**elevamiento**, *n.m.* elevation; ecstasy, rapture.

**elevar**, *v.t.* to elevate; to raise, lift, hoist; (*fig.*) to exalt. — **elevarse**, *v.r.* to rise, soar.

**elfo**, *n.m.* elf.

**elidir**, *v.t.* to debilitate; (*gram.*) to elide.

**elijación**, *n.f.* (*pharm.*) seething.

**elijar**, *v.t.* to seethe.

**eliminación**, *n.f.* elimination.

**eliminador, -ra**, *a.* eliminating. — *n.m.f.* eliminator.

**eliminar**, *v.t.* to eliminate; to get rid of.

**elipse**, *n.f.* (*geom.*) ellipse.

**elipsis**, *n.f.* (*gram.*) ellipsis.

**elipsoidal**, *a.* ellipsoidal.

**elipsoide**, *n.m.* ellipsoid.

**elipticidad**, *n.f.* ellipticity.

**elíptico, -ca**, *a.* elliptic, elliptical.

**elíseo, -sea, elisio, -sia**, *a.* Elysian.

**elisión**, *n.f.* (*gram.*) elision.

**elitario, -ria**, *a.* (of the) élite.

**elíxir, elixir**, *n.m.* elixir.

**elocución**, *n.f.* elocution.

**elocuencia**, *n.f.* eloquence.

**elocuente**, *a.* eloquent.

**elogiador, -ra**, *a.* praising, eulogistic. — *n.m.f.* eulogist.

**elogiar**, *v.t.* to praise, laud, eulogize.

**elogio**, *n.m.* eulogy, praise.
